Directory and Reference Media

THE reference medium or directory, whether it is a city directory, state gazetteer or a business directory, ties up closely with other forms of advertising. It is distinguished from the creative style of advertising in that it is passive while the buyer is active. On the other hand, the creative advertising in newspapers, magazines, trade papers, etc., is active while the buyer is passive.

Both are necessary in a well-rounded campaign. The function of creative advertising is to make people want what they did not want before, and to educate them to the point where they are conscious of that want. Reference advertising is an aid at the critical time when the initiative has passed from the seller to the buyer; when the desire to buy is strong, and the question is whether the prospect will buy the advertised article, another brand, or cool off altogether while waiting for the "catalog and name of nearest dealer." If the advertisement which suggested the want can be supplemented by another directing the prospect to the place where he can see the goods, the efficiency of the entire advertising expenditure will be greatly increased.

The directory has a 100 per cent prospect circulation inasmuch as its very nature makes it sell only where it will be used. Its circulation is not so much gauged by the number of copies sold as by the number of people who consult it. There are directory libraries maintained throughout the country for reference purposes, and in them may be found all the most important directories published. Surprise is often expressed by librarians at the number of people who are constantly consulting these sources of information.

There are many kinds of directories and "catalogs," each covering some trade, or locality, or group interest, in which organized information may be found that is useful to the buyer. In every buying center the local directory presents a medium of universal accessibility. For over a hundred years people have been accustomed to refer to it as a logical place to find certain kinds of information. A system of exchange enables each publisher to offer free access to a file of the latest issues of directories from all over the country. This gives every local advertisement a nation-wide accessibility.

The long life of a directory advertisement is a strong point in its favor. It has an existence of 365 days and sometimes twice that, depending on the frequency of issue. It is always kept where it can be found by the buyer when he wants it.

It has a strong appeal for institutional advertising, as reputable publications give prestige to the advertisers who patronize them. It is a significant fact that from 80 to 90 per cent of the advertising in these publications is renewed year after year.

Section 28, Copyright Law

In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

PUBLISHER'S NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors and omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next Directory.

R. L. POLK & CO., of California, Publishers.

INTRODUCTION

R. L. POLK & CO. OF CALIFORNIA, publishers of the Chico and Oroville City Directory, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this, the 1931 edition of the Chico and Oroville Directory, which also includes directories of Durham and Gridley, together with a directory of the rural free delivery box holders on routes which are pivotal from the Chico and Oroville Post Offices. This volume is distinguished by several entirely new features, the chief of which is the designation of homeowners shown in the house guides.

Confidence in the continued growth of Chico and vicinity's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Chico, Oroville and vicinity to the world.

The enviable place occupied by R. L. POLK & CO'S. directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivalled organization, and having the courteous and hearty co-operation of the business and professionel men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Chico and Oroville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Population

The estimated population of Chico is 8,000, based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands'. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

Six Major Departments

The several essential departments are arranged in the following order:

THE BUYERS' GUIDE for Chico, pages 13 to 28; for Oroville, pages 215 to 218; for Gridley, pages 323 to 326, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of these cities and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community, like the Chico and Oroville district, the necessity of having this kind of information immediately available is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations for Chico is included in pages 29 to 164. A similar list for Oroville is contained in pages 219 to 292, for Durham in pages 317 to 320, and for Gridley in pages 327 to 365.

THE DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE for Chico covers pages 167 to 212. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Home property ownership is indicated by the character "o," placed immediately after the name of the householder. A similar guide for Oroville is contained in pages 293 to 315.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 367 to 411. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary

between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

THE RURAL ROUTES DIRECTORY, pages 413 to 435, includes the box holders on the rural routes served by the Chico and Oroville Post Offices.

THE NUMERICAL TELEPHONE DIRECTORY for Chico and Oroville is given in pages 437 to 470.

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Chico, Oroville and vicinity, for business men, everywhere, realize that the city directory represents a community as it really is.

The Chico Directory Library

Through the courtesy of the publishers of the Chico and Oroville City Directory, a Directory Library is maintained in the offices of the Chico Chamber of Commerce for free reference by the general public. This is one of the 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

CHICO

The Growing Commercial Center of the Upper Sacramento Valley

By MARY M. GRACE, Secretary Chico Chamber of Commerce

CHICO, CALIFORNIA, in Sacramento Valley; 98 miles north of Sacramento; 185 miles north of San Francisco; on the main Southern Pacific line and California State Highway; northern terminus Sacramento Northern Railroad. Six Southern Pacific trains daily; fourteen fast Electric trains daily. Over-night freight service from San Francisco.

Founded in 1849 by General John Bidwell, California pioneer, Congressman and candidate for President in 1892.

Growth has been rapid since subdivision of Bidwell Ranch of 25,000 acres into small farms; center of rich agricultural district; location of United States Plant and Seed Introduction Station, one of the most important stations maintained by the Department of Agriculture.

AGRICULTURAL SCENE NEAR CHICO

Has gained considerable fame for its wonderful natural park of 2,300 acres, presented to the city by Genreal and Mrs. John Bidwell. This park extends from the business district ten miles into the Sierra Nevadas and contains deep canyons, and other scenic wonders, including Sir Joseph Hooker Oak, named after Sir Joseph Hooker, the English naturalist, who first commented on its size. Hooker Oak is the largest oak tree in the world.

With an average mean winter temperature of 45 to 50 degrees and an average mean summer temperature of 70 to 75 degrees, Chico has one of the finest climates in California. The cool nights in summer and

the relatively low humidity make sleeping in the open air a joy the year round. During the warmer weather of July and August an hour's ride into the mountains will bring you to cool camp sites among the pines and excellent trout fishing. Forty-five minutes' driving will take you to the summit and the snow line.

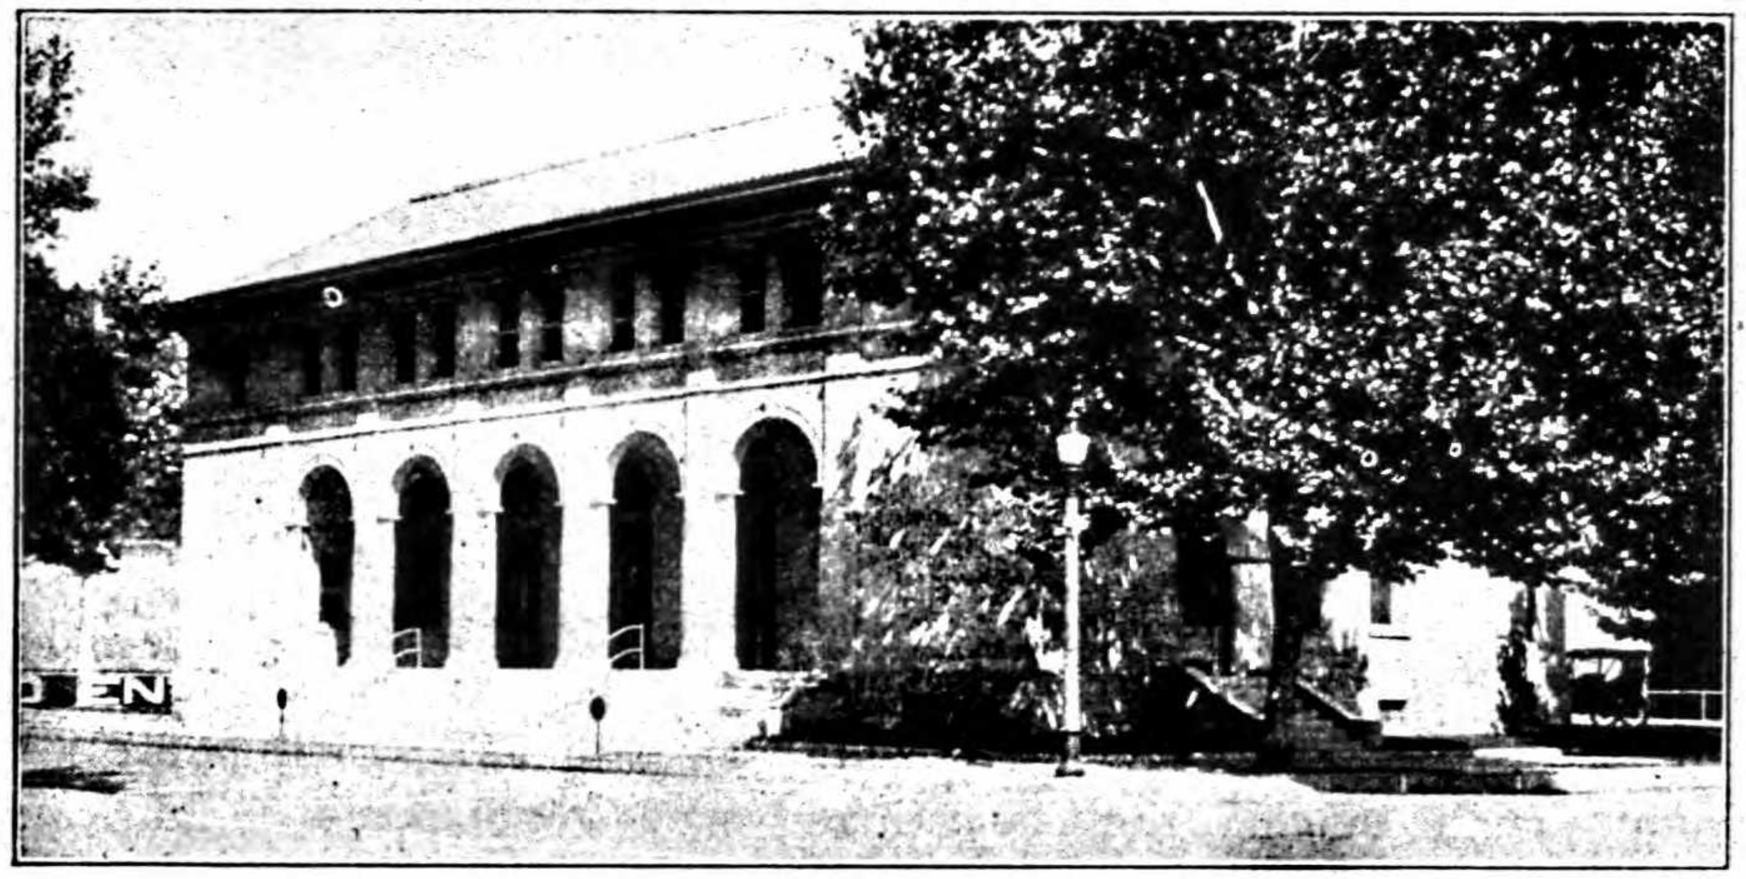
The soil of Chico district is a rich loam six to twenty feet deep. One of the best bodies of land in Sacramento Valley; grows a great variety

ADMINISTRATION BLDG., CHICO TEACHERS COLLEGE

of crops including grains, vegetables, berries, almonds, alfalfa and fruits of all kinds.

Because of the remarkable character of Chico soil and climate, the United States Department of Agriculture established here in 1904 its largest experimental station for the introduction of foreign plants.

The State of California located in this district its first State Land Settlement, the Chico-Durham district being selected on merit alone in competition with sixty-nine other sites offered throughout California. The Durham Colony is becoming famous throughout the country.



CHICO POSTOFFICE

CHICO TODAY

Business district all paved; paved area in residence districts increasing rapidly.

Water supply from deep wells; given highest rating for purity by California State Board of Health.

Rainfall averages 23.60 inches annually.

Altitude 189 feet; low humidity.

Six good hotels; new hotel recently completed at cost of $250,000.

Four banks with combined deposits of over eight and one-half millions of dollars.

Five excellent public camp grounds for tourists.

Retail trade center for California territory north of Sacramento.

Location of Pacific Coast headquarters Diamond Match Company, large match factory and other wood working factories; two large fruit packing plants; Sacramento Northern shops; Sperry Flour Company rice mill, farthest north in the United States.

Big prune, peach and almond growing center. Value of these crops over $3,000,000.00. There are 25,000 acres in Butte County planted to rice, producing over $8,000,000 yearly.

Southern gateway city to Lassen Volcanic National Park and Northern California mountain resorts.

Modern Federal Post Office building erected at cost of $100,000 in 1915. Post office has rank of first-class office.

Modern paid fire department, completely motorized.

Eleven grammar school buildings; excellent school system.

$800,000 high school with largest campus in California; 55 acres, developing Junior College of Agriculture.

California State Normal School drawing students from all parts of Northern California; Training School in connection with Normal; Normal graduates may secure credit for two years' work at Universities.

Over fifty lodges and fraternal organizations.

On the Park-to-Park and Pacific Highways.

Three theatres.

For further information regarding the Chico District, address or inquire at the office of the Chico Chamber of Commerce, 4530 2d Street, Chico.

SAN FRANCISCO, CALIFORNIA

This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

ONE OF 200 POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

MANY TRIPS AT YOUR FINGER-TIPS — SAVE MANY MILES, MINUTES and DOLLARS

There are over 300 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents —the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

POLK'S
CHICO
Directory of Householders, Occupants of Office Buildings and Other Business Places
Including a Complete
Street and Avenue Guide
1931

Copyright, 1931, by R. L. Polk & Co. of California

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for error can be or is assumed, nor can the publisher furnish further information than that shown.

Education—Number of schools, 3 grade and 1 union high.

"The DIRECTORY IS THE COMMON INTERMEDIARY BETWEEN BUYER AND SELLER."
R L Polk

OROVILLE

County Seat of Butte County

OROVILLE, California, founded 1851 and County Seat of Butte County since 1856 and incorporated January 6, 1906, is located on the banks of the Feather River.

Oroville's first rise to fame was in the gold days, being the scene of second major discovery of gold in California It was the Mecca for prospectors. Later it assumed prominence in the days of hydraulic operations.

Oroville is the home of the earliest oranges produced without the use of smudge pots. Packs one-third of the processed ripe olives and fifty per cent (50%) of the olive oil, mission tree ripened olives of the highest oil contents.

Favored by good water, natural gas, electric power, good roads, excellent shipping facilities, schools and churches, Oroville is fast becoming one of the most prominent cities in Northern California.

By virtue of location Oroville is the gateway to the far famed Feather River, Wonderland or Sportsmen Paradise. Entrance to the Feather River Highway now building the most scenic and an all year route.

Agricultural advantages, low cost of land, abundance of water at reasonable rates, climatic conditions and soil for almost anything, recreations beyond compare.

For further information on Oroville or surrounding districts address—

Copyright, 1931, by R. L. Polk & Co. of California

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled following the Named Streets.

The symbol (o) following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

General Offices: 524-528 Broadway, New York City

The Association of North American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of the City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

All members of this association have subscribed to the following Standards of Practice

1—To consider, first, the interest of the user of the book.
2—To subscribe to and work for truth, honesty and accuracy in all departments.
3—To avoid confusing duplication of listings, endeavoring to classify every concern under such headings as best describe it, and to treat additional listings as advertising, to be charged for at regular rates.
4—To increase public knowledge of what directories and reference media contain; to study public needs and make directories and reference media to supply them; to revise and standardize methods and classifications so that what is wanted may be most easily found, and the directory and reference media be made to serve their fullest use as business and social reference books and directories of buyer to seller and seller to his market.
5—To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6—To solicit subscriptions and advertising solely upon the merits of the publication.
7—To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers as well as on the number of copies circulated.
8—To co-operate with approved organizations and individuals engaged in creative advertising work.
9—To avoid unfair competition.
10—To determine what is the highest and largest function of directories and reference media in public service and then to strive in every legitimate way to promote that function.

$100.00 REWARD will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or "fake" Directory.

GRIDLEY

By W. D. Burleson, Editor Gridley Herald

ONE of the prosperous communities of Butte County, centering in an area of fertile land and highly developed farms is Gridley. It is the trading center for a large irrigated section, embracing the area under the Sutter-Butte Canal system, which enjoys excellent facilities for irrigation in an abundant supply of water, reasonable rates and adequate service.

The city of Gridley has a population of 2,000 in normal times, and in the summer, while the fruit is being harvested and the Libby, McNeill & Libby Co. cannery running, there are double that number of people. The cannery is one of the largest peach canning establishments in the State. During the season from 1,000 to 1,200 people are employed. In the spring for a number of years past, the cannery has operated for several weeks in packing spinach, thus giving employment to a large number.

Gridley has a fine city hall, made possible by the profits of the municipally owned light and water plant, without bond issue or debt of any kind. The city has sewers, splendid street lighting, several miles of paved streets, while all other streets are graveled, oiled and dustless.

The new high school building cost $150,000 and it is an ideal plant from a standpoint of convenience and utility. The staff includes twenty teachers and the enrollment is about 300 students.

The city has two fine elementary school buildings with over 600 pupils and a teaching force of twenty.

Eight churches with progressive and devoted membership contribute to the social and religious interests of the community.

Lodges of several orders are active, and a Community Club of nearly 1,000 members brings the people together for co-operative effort in civic and community affairs.

The Veterans Memorial Hall is a fine public building which is used for gatherings.

The bank of the community holds large sums as the savings of the people, indicating that all classes are thrifty.

The business community embraces well kept stores with clean stocks. A number of new stores have been established within the past year or two and report satisfactory patronage.

The agricultural activities of the district are diversified and include dairying, peaches, prunes, almonds, walnuts, apricots, grapes, alfalfa, beans, grain, vegetables and a few citrus orchards. The excellent irrigation facilities make for regular and abundant crops and failure of all crops is a thing unknown due to the diversity. A creamery takes care of the dairy products which are widely known throughout the State and which enjoy a good market.

MISCELLANEOUS INFORMATION

TRADE! You like to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

When People "Want"!!
THEY LOOK IN THE
CITY DIRECTORY
(CLASSIFIED SECTION)

¶ *Is your name under the commodity they seek?*

¶ *If not, that opportunity of routing valuable business to you is lost. It's about the same as if you kept one of your entrance doors locked.*

¶ *Hadn't you better investigate your omnipresent city directory, and convince yourself of how it can help your business?*

The City Directory

represents the City and its institutions in every corner of these United States

Are You Properly Represented In It?

The Classified portion catalogues the professions and goods handled here

ARE YOU LISTED UNDER YOUR PROPER HEADING SO THE PROSPECTIVE BUYER CAN FIND YOU?

"Think It Over"

Your City Directory

Is something more than—

A Book of Names and Addresses
A Catalogue of Trades and Professions
A Street Guide

It is a SERVICE that brings you daily in closer touch with your Customers and friends

IT ENABLES YOU to address them each and every one

To avoid the offense of incorrect spelling and addressing

To find new customers

To tell who lives in any house in the city

To find local sources of supplies for hundreds of articles

IT WILL SAVE YOU time and money both in buying and selling

It will make you more efficient and will protect your standing as an accurate and progressive business man

Your directory gives you an accurate birds-eye view of your city, its institutions, inhabitants, government and buildings
